Planet Asia Travel Channel offers expert travel advice, interviews, and insight.

Planet Asia Travel Channel (<http://www.smilingalbino.com/planetasiatravelchannel/>) is quickly becoming one of Asia's top spots for fun and savvy traveler information. Combining an expertly written Blog, robust Photo Galleries, entertaining Videos, and a bi-weekly Podcast featuring regional experts and celebrity guests, Planet Asia has travel enthusiasts taking note of the stylish site.

Since 2004 *Planet Asia Travel Channel (PA)* has been sharing insider advice on what's happening and what's soon-to-happen in the region. Longtime residents, business mavens, and travel vanguards regularly contribute their opinions, insights, and advice on the best activities and attractions, with content updated several times per week.

Recent *PA* Podcasts featured interviews with expert personalities such as celebrity Vietnamese restaurateur Bobby Chinn, Himalayan Trail pioneer Robin Boustead, Six Senses Resorts founder Sonu Shivdasani, and famed Angkor temple photographer John McDermott.

Blog posts feature insider advice on the best Thai cooking schools, wildlife experiences, and brew pubs, as well as guest columns, like *How to Avoid the Crowds at Angkor Temples* by Trevor Ranges, author of the National Geographic Traveler Cambodia guidebook.

The *PA* philosophy is that the real magic of travel is found in the hidden corners, insider sights, and charming local characters. The heart of the content and its inspiration relies on the intimate relationships built with a huge network of people throughout the region. *Planet Asia Travel Channel* delivers the sights, sounds, and first-hand accounts of the best of Southeast Asia.
